Westclox Banshee Digital Alarm Clock Review

This **Loudest Alarm Clock** gets its name because it is an extremely loud alarm clock. As we all know, there's nothing worse for our careers and personal lives than oversleeping and missing work or personal appointments.

Some of us, though, simply can't wake up to the wimpy sounds of most standard alarm clocks. That's where the [Westclox Banshee Digital Alarm Clock](#) comes into the picture. The Banshee sounds off with an ear-splitting, 90 decibel alarm tone that's bound to arouse even the heaviest sleepers.

And if that's a little too loud for you, you can shush this *Super Loud Alarm Clock* a bit by using the easy to adjust volume controls. That way you can get this alarm clock set to a volume level that will wake you up, without making you hit the ceiling.

Other Features of the Banshee

The [Westclox Banshee Digital Alarm Clock](#), as loud as it is, offers a lot more than sheer volume. For starters it is a very attractive, little alarm clock. It's compact size makes it perfect for bedside tables and dressers.

And with its oversized numbers on the 1/2 inch display, you're certain to be able to see what time it is, even if you are waking up when it's pitch black in your bedroom.

Overall, the **Super Loud Alarm Clock** gives you all the features and compact design that you'd expect from a high end, digital alarm clock. And when you need the loudest alarm around, it is plenty loud enough to wake you up on time.

Westclox Banshee Digital Alarm Clock Features & Details

- **The Banshee is a compact, attractive digital alarm clock.**
- **The 1/2 inch LCD screen features oversized numbers for easy reading.**
- **The Banshee has a blue back-lighting that is bright without being obnoxiously bright.**
- **It sounds with an amazingly loud 90 decibel alarm tone.**
- **You can choose to set the volume at a lower level if you choose to.**
- **Runs on electricity and 2 AAA batteries, if you should have to travel with it.**

Overall, the [Banshee Digital Alarm Clock](#) doesn't feature all the bells and whistles of some of the more expensive, super-loud alarm clocks.

But if you're worried about waking up on time for work or other important appointments, and simply need an alarm clock that's louder than most, you'll enjoy waking up to the ultra-loud alarm tones of this *Super Loud Alarm Clock*.
